Scholar Rock Senior Vice President, Human Resources Lisa Amaya Price

"I am delighted to welcome Lisa to Scholar Rock to lead our efforts to attract and invest in the best talent, optimize our organizational design, and continue to evolve our culture of innovation," said Nagesh Mahanthappa, Ph.D., President and CEO of Scholar Rock. "Lisa's breadth and depth of experience will be invaluable as we continue to build a team that is committed to advancing our growing portfolio of product candidates that aims to improve the lives of patients."

"I am thrilled to join Scholar Rock during this dynamic phase of the company's evolution; investments in our people and organization are key to our formula for success as we advance multiple product candidates toward addressing unmet patient needs in neuromuscular disorders, cancer, fibrosis, and anemia," said Ms. Amaya Price. "I look forward to working with the Scholar Rock team to develop a progressive and aligned human resource strategy in a work environment where talent and culture continue to be a driver of innovation with meaningful patient impact."

Ms. Amaya Price joins Scholar Rock from Takeda Pharmaceuticals Company Ltd., where she led the organizational design and talent selection related to the company's acquisition of Shire Pharmaceuticals. Previously, she was Global Head of Human Resources for Takeda's vaccine business unit and led the strategic redesign of multiple functions to enable the unit to grow from R&D to commercialization on a global scale. Before joining Takeda, Ms. Amaya Price served in various positions of increasing responsibility at Biogen, Inc. from 2008 to 2016, including most recently Senior Director, Human Resources of R&D. Earlier in her career, she held human resource leadership positions at Interpublic Group, Inc., Metro International S.A., and American Financial Systems, Inc. Ms. Amaya Price received a BA from Bard College, an MA from Simmons College, and an MBA from F.W. Olin Graduate School of Business at Babson College.

About Scholar Rock

[Scholar Rock](#) is a clinical-stage biopharmaceutical company focused on the discovery and development of innovative medicines for the treatment of serious diseases in which signaling by protein growth factors plays a fundamental role. Scholar Rock is creating a pipeline of novel product candidates with the potential to transform the lives of patients suffering from a wide range of serious diseases, including neuromuscular disorders,

cancer, fibrosis and anemia. Scholar Rock's newly elucidated understanding of the molecular mechanisms of growth factor activation enabled it to develop a [proprietary platform](#) for the discovery and development of monoclonal antibodies that locally and selectively target these signaling proteins at the cellular level. By developing product candidates that act in the disease microenvironment, the Company intends to avoid the historical challenges associated with inhibiting growth factors for therapeutic effect. Scholar Rock believes its focus on biologically validated growth factors may facilitate a more efficient development path.
